## Setting the Standards in Education for Addiction Professionals

IITAP's mission is to provide cutting-edge training and promote the highest level of professional standards among practitioners worldwide that treat those individuals with sex addiction and associated disorders.

The CSAT Program has become the industry's standard certification for all therapists working with individuals who suffer from addictive and compulsive sexual behaviors. The program is designed to provide formal knowledge and training in the task-centered approach to the treatment of sexual addiction and sexual compulsivity.

It is IITAP's role to facilitate the CSAT Certification Process and other educational programs, as well as to assist CSATs in creating a support network. We are committed to guiding new CSAT candidates through the certification process, and keeping our current CSAT community up-to-date on the latest news and developments in addiction research.

Please feel free to contact the IITAP staff at (480) 575-6853 or toll-free at (866) 575-6853 with any questions or comments about upcoming events, workshops and/or submission of articles.
